Connecting the Dots: Trauma-informed approaches for a whole-hearted classroom

Erin Browder,
Woodrow Wilson Teaching Fellows
Virtual Symposium
June 12, 2020

- Educator
- School transformation
- Non-profit Leader
- Trauma-Informed Work
- Emotional Climate
- Self-Care for Practitioners and Professionals
- State Technical Assistance Specialist

Intended Outcomes

- Being Seen—Cultivating identity + presence
- Safety + Space—Building a culture of us
- Self-Awareness + Self-Management—Knowing when to push and pull
- Add engagement and mindfulness strategies to your toolbox

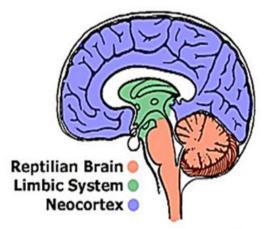

Trauma

Trauma is an umbrella term used to describe the inability of an individual or community to respond in a healthy way (physically, emotionally and mentally) to acute or chronic stress.

Adapted from Holt & Jordan, Ohio Dept. of Education

In what ways is an oak tree like trauma?

Trauma-Informed Schools

Trauma-informed schools acknowledge the prevalence of traumatic occurrence in students' lives & create a flexible framework that provides universal supports, is sensitive to unique needs of students, & is mindful of avoiding re-traumatization.

Wisconsin Department of Public Instruction

Trauma-Organized Systems

When a system becomes fundamentally and unconsciously organized around the impact of chronic and toxic stress, even when this undermines the essential mission of the system.

"Instead of what's wrong with you, it's what happened to you."

A Trauma-Informed Perspective via The Sanctuary Model

Being Vulnerable

Personal ? Fishbowl
Naming your emotions
Modeling and naming your coping
behaviors

Fishbowl questions?

When was the last time you laughed so hard you farted?

When was the last time someone made you cry?

Share about a time you felt hopeless.

What makes you lose sleep at night?

What was a challenging experience you had as a teenager

What is one thing you wish your parents did differently?

Story Stems

Transing set of the second of

Using the story stems below, choose a stem and complete the

prompt in the chat box.

The last time you felt proud...

The last time you apologized...

The last time you were discouraged...

The last time something broke your heart...

Seratonin Boost

- Drink water
- Listen to your favorite song
- Move your body
- Get some sun
- Wiggle your toes

Where students feel empowered to

- Participate and be valued
- Be the "keepers" of their own bodies and emotional experiences
- Take interpersonal risks + risks in their learning
- Be critical
- Make decisions
- Equipped to tackle barriers
- Respond vs react

"We're all here to contribute. And in contribution, there is no better."

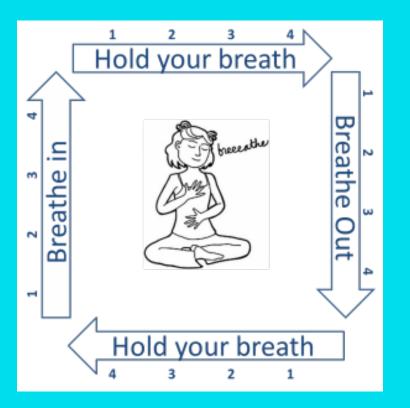

"The child who is not embraced by the village will burn it down to feel its warmth."

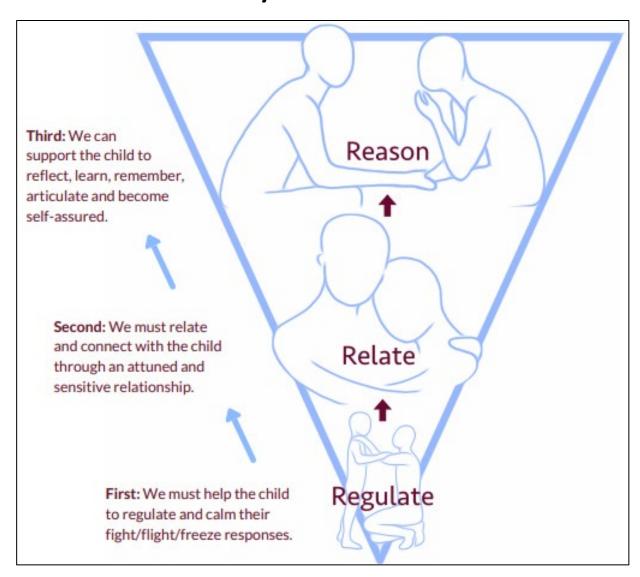

African Proverb

Self-Awareness + Self-Management: Knowing when to push and pull

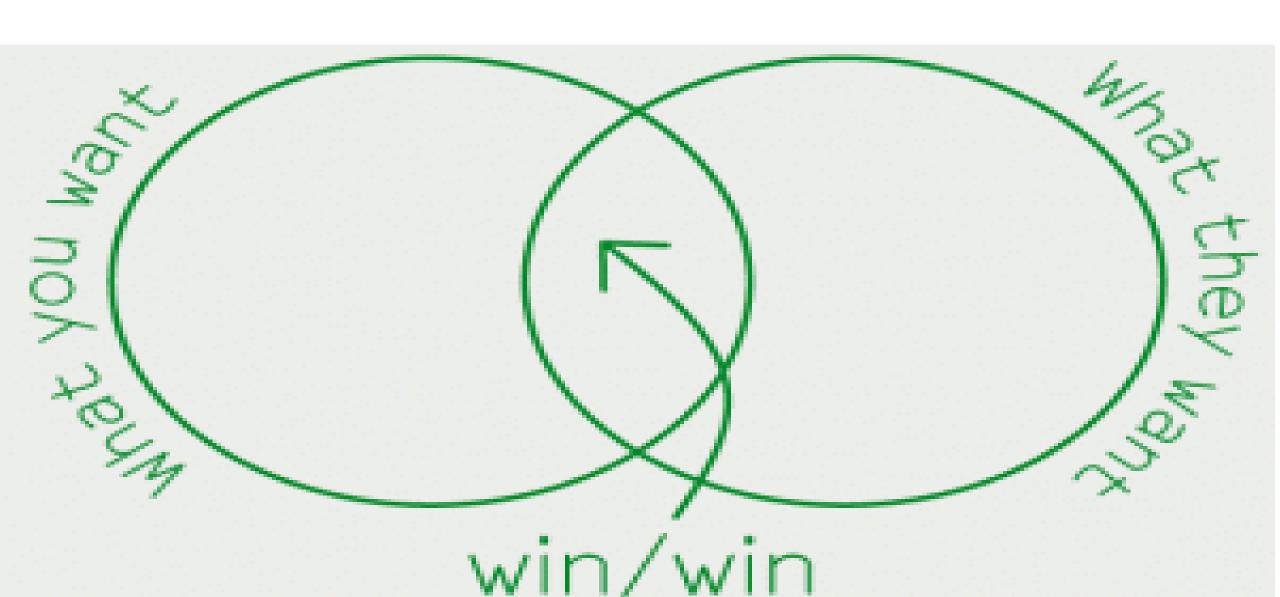

The 3R's: Reaching the Learning Brain from Dr. Bruce Perry

Name the Roadblock How can you prepare?

RESILIENCE IS A WIN-WIN

I Can't...But I Can

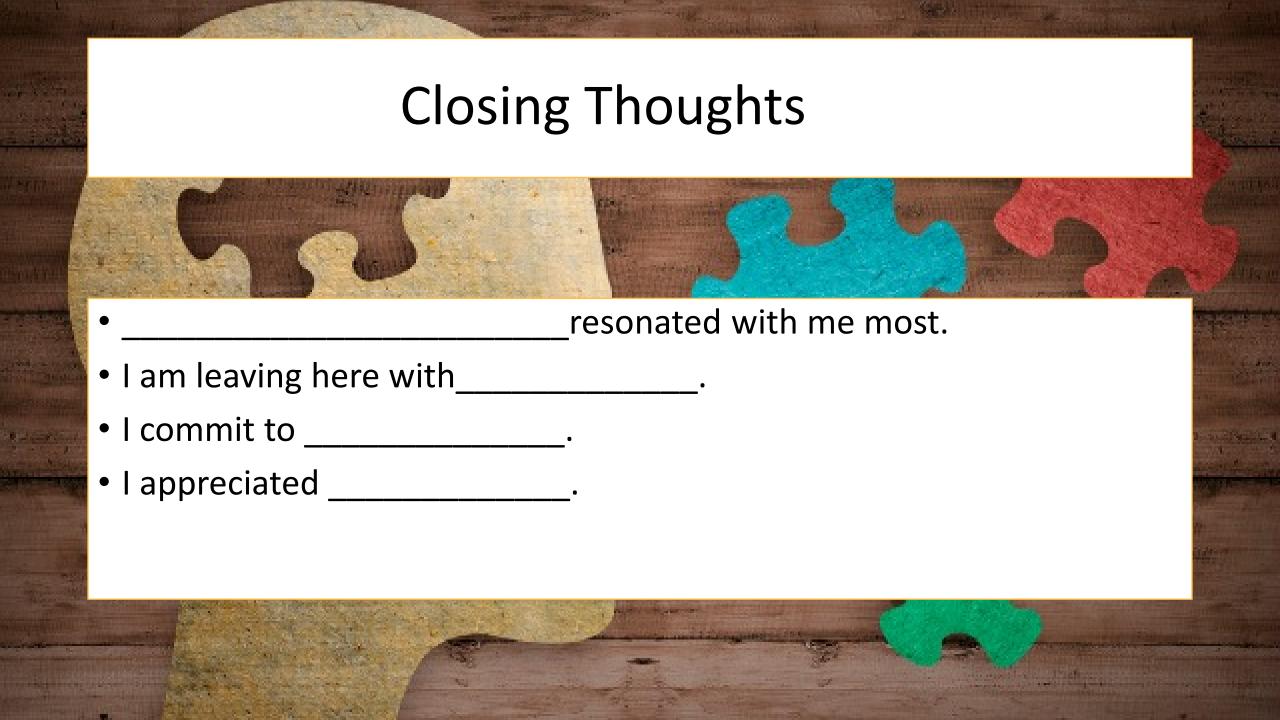

•I can't control whether	will come to work today, but I can control
	•
•I can't control whether	had a bad morning/an argument with a
client, but I c	an control

I can't control whether we add _____

but I can control

(Hall & Souers, 2016)

to our already overloaded plates,

Focusing Questions

Who are we?

Why are we doing this?

Why are we doing it this way?

THE CULTURAL ICEBERG

THE ICEBERG

A Tool for Guiding Systemic Thinking

EVENTS

What just happened? Catching a cold.

PATTERNS/TRENDS

What trends have there been over time? I've been catching more colds when sleeping less.

UNDERLYING STRUCTURES

What has influenced the patterns? What are the relationships between the parts? More stress at work, not eating well, difficulty accessing healthy food near home or work.

MENTAL MODELS

What assumptions, beliefs and values do people hold about the system? What beliefs keep the system in place? Career is the most important piece of our identity, healthy food is too expensive, rest is for the unmotivated.
